

## HOOK Optimist, Hungary

### Introduction:

HOOK Optimist is built in Hungary by a family company for 31 years. Since 1996 we have the licence to build the IOD'95 One Design Optimist too. As a mechanical engineers our goal is to build perfect designed optimists for the future champions on acceptable costs.

In the past 30 years we have specified the building in such way, that it is more than a job. Optimist building besides our profession is also our passion.

### There are some results of our hulls:

DYR Workum 1st cadetti - 2018

European Championship 10th – 2017

**World Championship 1st – 2015**

**European Championship 1st – 2013**

European Championship 3rd – 2010

European Championship 2nd – 2008

Hungarian Champion – 36 times

Many times winner of international regattas in Italy, Croatia, Slovenia and Austria
